# MOHAN FOUNDATION

## ANNUAL REPORT

*April 2013 to March 2014*

### Introduction

January 12, 1997- the day MOHAN Foundation started its journey to give patients with organ failure a new lease of life. Organ donation and transplantation has made it possible for people with organ failure to look forward to a brighter tomorrow filled with hope and promise.

MOHAN is an acronym for Multi Organ Harvesting Aid Network and was established in 1997. It is a registered not-for-profit organization with income tax exemption under Section 80G and 35 AC. It is also entitled to receive foreign aid as per the FCRA Act. MOHAN Foundation is the brainchild of a group of highly motivated, concerned and non-commercial group of practicing medical professionals and their well-meaning friends to promote the cause of "Organ Donation".

MOHAN Foundation has its headquarters in Chennai with offices in Hyderabad, Delhi-NCR and Bengaluru. It has information centres in Coimbatore, Chandigarh, Nagpur and USA.

MOHAN Foundation, USA: MOHAN Foundation has embarked upon yet another major milestone, the creation of "MOHAN Foundation International". The journey for this international establishment began during early 2011 when Dr. Manjula Balasubramanian, Transplant Pathologist at the prestigious Einstein Medical Center and Dr. Anirban Bose, Assistant Professor of Medicine and the University of Rochester Medical Center visited MOHAN Foundation and expressed their wish to do their bit in the area of deceased organ donation. Mr. Adi Dasika, another supporter of MOHAN Foundation, hosted a fund raiser in the year 2013. This led to several likeminded people getting together and working towards registering MOHAN in USA. Mr. Jasvant Shah, Mr. Arun Shroff, Mr. Mohan Mahal, Dr. Chris Barry, Mr. Sudhakar Nagavalli, Ms. Supriya Sajja, Ms. Deepa Kurup, Sri. Jambukesan, and several others have formed a strong network in creating a robust organisation in USA. While we have steps to make and several milestones to cross, we are hopeful that we will make a strong presence in USA, just as in India.

## **MISSION & OBJECTIVES**

The mission of MOHAN Foundation is to ensure that every Indian who is suffering from end stage organ failure be provided with the 'gift of life' through a life-saving organ.

The Foundation envisages accomplishing this mission through the following objectives:

1. To create public awareness among a cross-section of the population
2. To train health care professionals in transplant coordination
3. To counsel families of "brain dead" victims to donate their loved ones' organs
4. To create a computerized network for logistic support for organ donation in hospitals and the utilization of organs
5. To liaise with Government (State and Central) to pass favorable legislation that will help increase organ donations in India.
6. Networking with other organ procuring organizations in the country
7. Raising resources to promote organ donation efficiently

## **ACTIVITIES**

MOHAN Foundation has six core activities. These are

## 1. INDIAN NETWORK FOR ORGAN SHARING (INOS)

“Let no organ be wasted” is the mission statement of INOS. The group was first formed in Tamil Nadu in January 2000 with Apollo Hospitals, Sri Ramachandra Hospital, Sundaram Medical Foundation, Madras Medical Mission Hospital (all from Chennai), Christian Medical College Hospital, Vellore. It successfully established the fact that organ sharing was the way forward for the deceased organ transplantation program.

In Andhra Pradesh, the hospitals that have benefited from our work are Nizam’s Institute of Medical Sciences, Global Hospitals, Care Hospitals, Medwin Hospitals, Medicity Hospitals, Kamineni Hospitals, Osmania General Hospital, Krishna Institute of Medical Sciences, Star Hospitals and Innova Hospitals.

<b>Organs and Tissues Facilitated by Indian Network For Organ Sharing (INOS) -2000 - 2009</b>			
<b>Organs</b>	<b>Tamil Nadu (2000- October 2008)</b>	<b>Andhra Pradesh (2000-2009)</b>	<b>Total</b>
<b>Kidney</b>	319	130	449
<b>Liver</b>	38	48	86
<b>Heart</b>	22	7	29
<b>Pancreas</b>	0	1	1
<b>Heart Valves</b>	0	16	16
<b>Corneas</b>	302	150	452
<b>TOTAL</b>	<b>681</b>	<b>352</b>	<b>1033</b>

The experience gained in INOS in setting up a web-based recipient waiting list registry has been shared with the government run Tamil Nadu Organ Sharing Network ([www.tnos.org](http://www.tnos.org)). Organ allocation is done as per this registry and MOHAN Foundation is involved in maintaining the registry. MOHAN Foundation is also on the Advisory Committee of the Cadaver Transplant Program, Government of Tamil Nadu.

Taking a leaf out of Tamil Nadu’s book, Kerala also brought out a set of Government Orders for deceased donor organ transplantation. A workshop was held in this regard in August 2012 in Trivandrum with the launch of “Mrithasanjeevani” and the Kerala Network for Organ Sharing ([www.knos.org.in](http://www.knos.org.in)). MOHAN Foundation has been instrumental in setting up and maintaining this registry as well.

MOHAN Foundation has signed a Memorandum of Understanding (MoU) with the following hospitals to place their transplant coordinators there –

1. Rajiv Gandhi Government General Hospital, Chennai
2. Global Hospitals, Chennai
3. Pondicherry Institute of Medical Sciences (PIMS), Puducherry
4. Medanta – The Medicity, New Delhi

## 2. PATIENT SUPPORT GROUP (PSG)

MOHAN Foundation started a Patient Support Group (PSG) for organ failure patients and their families to give them a platform to discuss their problems with each other and also interact with a panel of experts comprising doctors, dietitians, and counselors. There are about 300 members in the group. The PSG is also working towards becoming a strong advocacy group so that organ failure patients can lobby for change and have a common platform from where their grievances can be heard. Subsidized transplant related medicines to needy patients are supplied. MOHAN Foundation, Hyderabad facilitated support for cost of post-transplant medication of Master. Shashank through the Individual Grants Project of the Sir Ratan Tata Trust, Mumbai.

## 3. PUBLICATIONS

- a. **Indian Transplant Newsletter (ITN)** – The Indian Transplant Newsletter is being published since 1998 and is currently in its 40<sup>th</sup> issue. It carries national and international transplant news and keeps track of the Indian deceased donor organ transplant program. The executive committee has doctors from the transplant field from all over the country and abroad. About 1500 to 2000 copies of the newsletter are dispatched every quarter to transplant clinicians and members of the public in India and abroad.
- b. **Life...Pass it On Newsletter** - A recent publication of the foundation covering the heartrending stories of organ donor families.

#### **4. PUBLIC EDUCATION CAMPAIGNS**

MOHAN Foundation regularly organizes awareness events to a cross section of population. Over 1 million donor cards have been distributed in English, Tamil, Telugu, Marathi and Hindi. The Foundation also has literature on organ donation and prevention of different diseases. A total of 335 public education programs were conducted across the country and around 40000 people were educated about organ donation during the year 2013 – 2014 (includes Tamil Nadu, Andhra Pradesh, Karnataka, Delhi-NCR, Kerala, Chandigarh, Maharashtra and Puducherry).

#### **5. TRANSPLANT COORDINATORS' TRAINING PROGRAMS**

Transplant coordinators play a crucial role in counseling for organ donation and coordination and these are the key factors for the success of the deceased organ donation program. MOHAN Foundation conducted the first full-fledged structured training program in December 2009. The program involves training social workers, medical and paramedical staff in counselling families of 'brain dead' patients to donate organs and coordinating the entire process of organ donation, retrieval and transplantation. The candidates are trained in all aspects of counselling with intense one-on-one role play by very experienced transplant coordinators drawn from across the country. This strengthens the trainees' abilities to go back and counsel the families of "brain dead" patients independently. In addition to counselling, the trainees will also learn the importance of working within narrow time-frames and linking with recipient hospitals, the forensic department and the police (in medico-legal cases) to ensure that organs are retrieved optimally and the body handed over to the family with respect and on time.

#### **6. CONTINUING MEDICAL EDUCATION (CME) / SEMINAR / SENSITIZATION PROGRAMS –**

All brain death identification takes place either in Accident & Emergency (A & E) or in the Intensive Care Units (ICU). In view of this, it is important to conduct CME programs for the staff on issues related to brain death and its implications for the deceased organ donation program. In our experience most deceased donations do not happen as the first step towards identification with regard to brain death does not take place. Even when identification takes place, often certification and maintenance do not take place. Therefore, CME programs for key staff - ICU doctors, ICU Nurses, A & E Doctors, A & E Nurses and paramedical staff is very essential and MOHAN Foundation has organized many such programs in different cities across the country.

## **HIGHLIGHTS – PUBLIC EDUCATION CAMPAIGNS**

### **A) MOHAN Foundation, Hyderabad Completes 10 Years in Andhra Pradesh and Launches “Swamy Narayan Life Savers Program”- 7<sup>th</sup> April 2013**

MOHAN Foundation, Hyderabad which began its journey in 2003, has completed 10 years in its continued endeavour at spreading the message about organ donation among a cross-section of our population. The 10<sup>th</sup> anniversary event called “**Celebration of Life**” was held on 7<sup>th</sup> April 2013 and celebrated the life and spirit of patients that underwent organ transplants during these 10 years. Several transplant patients shared their life-changing experiences.

**His Holiness Sri Sri Sri. Tridandi Chinna Jeeyar Swamiji blessing the transplant recipients**

At a time when the concept of organ donation was completely unknown to the public, MOHAN Foundation ventured boldly to make organ donation known to the public, hospitals, media, and social work groups in addition to sensitizing the government on the need for a proactive participation.

In the last 10 years, MOHAN Foundation has organised over 500 public education campaigns and trained 78 grief counselors and networked with over 200 hospitals in Andhra Pradesh in making organ donation happen. Thanks to 138 organ donor families, MOHAN has facilitated the retrieval and distribution of 854 organs and tissues during these 10 years, thereby giving a new lease of life to 854 patients and helping that many number of families come out of the grip of the disease burden.

The details of organs and tissues retrieved are as follows:

Kidneys	: 243
Liver	: 99
Heart	: 13
Pancreas	: 02
Lungs	: 01
Heart Valves	: 90
Corneas	: 406
<b>Total</b>	<b>: 854</b>

## Launch of Swamy Narayan Life Savers Program

**Mr. K.S Raju, Chairman, Nagarjuna Foundation Launches Swamy Narayan Life Savers Program**

MOHAN Foundation launched yet another unique program “Swamy Narayan Life Savers Program”. Mr. K.S. Raju, Chairman of Nagarjuna Group, unveiled the logo of Swamy Narayan Life Savers Program. The Swamy Narayan Life Savers program is aimed at educating youth, housewives, social groups and corporates with the skills on handling medical, accident and environmental emergencies.

### **B) Dream Runners- Organ Recipient Special Run/Walk, Chennai - 7<sup>th</sup> July 2013**

A cloudy sky and a slight drizzle did not hamper the enthusiasm of more than 2500 runners in the Dream Runners Half Marathon 2013 for the cause of organ donation on 7<sup>th</sup> July 2013. Dream Runners and MOHAN Foundation organised a special 2.5 km run/walk for organ recipients as part of the half marathon. Eleven organ transplant recipients came forward to walk for 2.5 km to show their gratitude to their donors.

**The transplant recipients participated in the Marathon**

**The participants after finishing 10 km Marathon**

## C) The TOI 'I Lead India' campaign on Organ Donation – 29<sup>th</sup> July 2013 – 6<sup>th</sup> August 2013

Every year Times of India (TOI) initiates a nationwide campaign which focuses on socially relevant issues. In 2013 they launched the 'I Lead India' campaign. It was a week long campaign starting from 29th July, 2013 and ended on 6th August, 2013 which was marked as Organ Donation Day by TOI.

TOI partnered with four Non-Governmental Organisations (NGOs) in the country working in the field - MOHAN Foundation Shatayu, Gift your Organ and Gift a Life.

In one week, the newspaper published 15 articles about organ donation in all its editions across the nation and MOHAN Foundation was featured frequently in these articles either as quotes from the Foundation's representatives on various aspects of organ donation and transplantation; or their activities to facilitate deceased organ donation in the country was elaborated upon; or the date/statistics collected by the Foundation was mentioned to further emphasize their claims.

Apart from the print media covering the issue their website also carried these articles. Also, in the same week TIMES NOW (a 24 hour English news channel) broadcast 4 to 5 stories on the issue.

At the end of the campaign more than 50,000 people had pledged their organs by registering for a donor card on one of the partnering NGOs' website or through the I Lead India website. On the designated Organ Donation Day, there was a live online 'Question and Answer' session on Facebook and Twitter. A MOHAN Foundation representative along with representatives from other partnering NGOs' actively participated and answered the queries of hundreds of users.

MOHAN Foundation's Toll free organ donation helpline number (1800-419-3737) was widely circulated in the print, broadcast and new media for citizens across the nation to call and clear their doubts about organ donation. Also, previously on an average the Foundation's website had 6-8 donor card registrations and during this campaign it catapulted to 60-80 registrations per day.

#### **D) Ship of Theseus Crew and Kiran Rao Pledge their Organs, Mumbai – 13<sup>th</sup> August 2013**

On 13<sup>th</sup> August, 2013 a signing up event was organised at PVR-Juhu Lavina, Mumbai. The cast and crew of Anand Gandhi's film *Ship of Theseus* along with Kiran Rao; actor Aamir Khan's wife who is also independently a film producer, screenwriter and director pledged to be organ donors. The event was organised in association with MOHAN Foundation.

Ms. Pallavi Kumar, Executive Director, MOHAN Foundation, Delhi-NCR represented the Foundation at the event. She recounted the Foundation's first encounter with Gandhi's film. She mentioned that snippets from the film were screened on 4<sup>th</sup> April, 2012 at 'Samarthan' – a fundraising and awareness event organised by MOHAN Foundation at the Lodi - The Garden Restaurant, Lodhi Gardens, New Delhi. It was an evening of music and dinner with filmmakers Shekhar Kapoor and Anand Gandhi publicly expressing their support for the cause.

Kiran Rao believes that there is "great merit" in saving a life. She said, "This film has given me a chance to think about organ donation deeply. Earlier, I thought we can only donate our eyes, but the fact that each and every organ of our body can be used to save somebody's life, I got to know about this from the film."

**(L to R) Kiran Rao, Sohumi Shah, Neeraj Kabi and Anand Gandhi with their donor cards**

### **E) Music for a Cause – An event dedicated to deceased organ donors and their families- Hyderabad - 5<sup>th</sup> October, 2013**

On 5<sup>th</sup> October, 2013 MOHAN Foundation, Hyderabad organised a musical event titled 'Music for a Cause'. The event was organised to honor deceased organ donors and their families. It was held at Bharatiya Vidya Bhavan, Basheer Bagh, Hyderabad. It was organised as part of the "Joy of Giving" Week celebrated in the country.

Dr. L. Narendranath, Director of Nizam's Institute of Medical Sciences was the Chief Guest for the program and released the Family Pledge card.

Mr. Krishna Wadi and his family members released a plaque that conveys the wish of their entire family to pledge for organ donation. Mr. Wadi is the father of Manasa Wadi, a liver transplant recipient. His daughter was suffering from end-stage liver failure when Aaron, a citizen of New Zealand married her being aware of her illness. Further, he donated a part of his liver for her transplantation. Him being a foreigner he had to deal with legal wrangles before being allowed to be a living organ donor. However, Manasa died two days after transplantation as she did not receive the transplant on time.

**Dr. L. Narendranath, Director of Nizam's Institute of Medical Sciences releasing the Family Pledge card**

### **F) MOHAN Foundation Celebrates Organ Donation Day with Young Nightingales of Tamil Nadu - 28<sup>th</sup> November 2013**

To commemorate "World Organ Donation Day", MOHAN Foundation in collaboration with the Department of Nephrology, Madras Medical Mission organized a one day workshop - "Educating Nurses on Organ Donation" for nursing students of various colleges of Tamil Nadu and Puducherry. The event was held on Thursday, 28<sup>th</sup> November 2013 at Madras Medical Mission Hospital, Chennai. It was supported by the Sir Ratan Tata Trust and Navajbai Ratan Tata Trust.

The main objectives of the workshop were:

- To impart knowledge on Deceased Organ Donation and Grief Counselling
- To introduce to the students the importance of a Transplant Coordinator and taking up Transplant Coordination as a profession.

**Dr. Sunil Shroff felicitating Dr. J. Radhakrishnan IAS, Secretary to Government, Department of Health & Family Welfare, Government of Tamil**

The program was inaugurated by Dr. J. Radhakrishnan IAS, Secretary to Government, Department of Health & Family Welfare, Government of Tamil Nadu. IN the inaugural address, he mentioned that training of transplant coordinators should be added in the nursing curriculum.

The aim of the workshop was to impart knowledge on Organ Donation to nursing students. Around 350 participants attended the workshop, which included student nurses, staff nurses and nursing college faculty. 10 nursing colleges and 2 hospitals sent their staff and students to participate in this program.

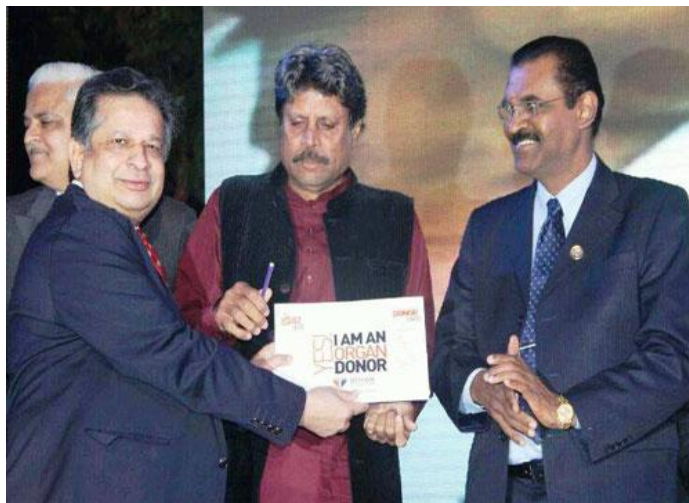

**The participants at the program**

### **G) An Awareness program for UNISCON 2014 at Airport Authority of India, Delhi - 31<sup>st</sup> January 2014**

On January 31, 2014, MOHAN Foundation was invited to an event organized by the Delhi Urological Society at the Airport Authority of India, Officers Club, New Delhi for a special evening organized to commemorate donors / recipient and celebrate Organ Donation Evening. Former cricketers Bishen Singh Bedi and Kapil Dev were invited as guests of honor who pledged their organs on the spot and stressed on the relevance of Organ donation and the role of public-private partnership.

**Dr. Sunil Shroff, Managing Trustee, MOHAN Foundation getting Donor card signed by Kapil Dev**

Dr Avnish Seth Director, Fortis Organ Retrieval & Transplantation, Fortis Memorial Research Institute, Gurgaon was also present alongside his wife to share his experience of pledging his mother-in-laws organs a month back and were felicitated by Dr. Jagdish Prasad, Director General of Health Services, Ministry of Health & Family Welfare, Government of India.

### **H) Ramnagara Mini Marathon, Karnataka - 2<sup>nd</sup> February 2014**

**Participants ready to run for the cause**

MOHAN Foundation and Yellow and Red Foundation organized an event to create awareness on Organ Donation on Sunday, 2<sup>nd</sup> February 2014 at Ramanagara, Karnataka. Running categories were split into four - Spirit 10 km Run, Maja 5 km Run, Seniors 5 km Run and Students 5 km Run. Around 600 people participated in the Marathon. After the event there was a dance performance by the members of Shantala Charitable and Cultural Trust.

## **I) Walk for Life at Nagpur Walkathon - 16<sup>th</sup> February 2014**

'Walkathon' is an annual event of the 69 years' old Rotary Club of Nagpur. This year saw more than 6500 participants on a lovely Sunday morning of 16th February 2014 in the lush greenery of Civil Lines, Nagpur.

For the first time a stall was put up by the MOHAN Foundation in association with the Organ Donation Awareness Committee to create awareness about the importance of Organ Donation to save millions of lives. Staff of MOHAN Foundation manned the stall. Information pamphlets, information standees, pledge forms and donor cards prepared by MOHAN Foundation were placed in the stall.

**Participants gathering at the Walkathon to support for the cause**

## **All India toll free helpline on organ donation - 1800-419-3737**

On 14th August 2012, MOHAN Foundation launched an all India Toll free Helpline number - **1800-419-3737**. This has been possible with the support of a major pharmaceutical company. It works in six different languages - English, Hindi, Tamil, Kannada, Telugu, and Malayalam. The Helpline provides information on organ donation and transplantation, registration processes and legal issues. MOHAN Foundation has received a total of 6658 calls between April 2013 and March 2014, which makes the frequency 18 calls per day. The majority of the callers inquire about how to register as an organ donor and the next most frequently asked question is about kidney procurement.

**Promotion of the Organ Donation Helpline Number**

## HIGHLIGHTS - TRANSPLANT COORDINATORS' TRAINING PROGRAMS

### 1) One Month Transplant Coordinator's Training Program – Chennai - June 2013

The one month Transplant Coordinator's Training program in MOHAN Foundation was held from 3<sup>rd</sup> June to 28<sup>th</sup> June 2013. Sixteen trainees from different hospitals across the nation and others from professions like marketing and social work attended the training.

Doctors and senior transplant coordinators from Government and Private Hospitals addressed the trainees. Trainees visited The Academy for clinical Training (TACT) academy, TANKER Foundation, Apollo Blood Bank, and Eye Bank of Sankara Nethralaya to understand the practical aspects.

**Dr. Navin Jayakumar taking a class on “Brain – Structure and Function”**

**Dr. Deiveegan explaining about Brain Death Identification & Certification**

**Group activity - preparing public education posters**

**Mrs. Lalitha Raghuram, Country Director, MOHAN Foundation issuing certificate to a participant**

## 2) One Week Transplant Coordinators' Training Program - Hyderabad - July 2013

A One week Transplant Coordinators' Training Program was held at CARE Hospitals, Nampally, Hyderabad from 1st to 5th July 2013. The Training Program was partly supported by CARE Hospitals, Nampally. 18 participants from social work and nursing background attended the training program.

**Participants of One Week Transplant Coordinators Training Program at Hyderabad**

## 3) One Week Transplant Coordinators' Training Program - Bengaluru - September 2013

A one week transplant coordinators' training program was held between 16<sup>th</sup> and 20<sup>th</sup> September, 2013. MOHAN Foundation, Bangalore conducted the program in association with Department of Surgical Gastroenterology, Bangalore Medical College and Research Institute (BMCRI), Bengaluru. It was held at the Conference Stage, Pradhan Mantri Swasthya Suraksha Yojana (PMSSY) Super Specialty Hospital block at Victoria Hospital Premises. The event was supported by the Zonal Coordination Committee of Karnataka (ZCCK) for organ transplantation. There were totally 26 participants who were doctors, social workers and nurses.

## 4) One week Transplant Coordinators' Training Program - Mumbai - November 2013

**Dr. Sumana Navin, Course Director (extreme right) handing over Faculty certificate to Ms. Sharon Anne Gracias, BSES Municipal General Hospital (centre)**

A one week transplant coordinator's training program was held at the CVT Centre of KEM Hospital, Mumbai, from 18-22 November 2013. It was organized jointly by MOHAN Foundation and Zonal Transplant Coordination Centre (ZTCC), Mumbai.

The 63 trainees hailed from different parts of Maharashtra. One trainee came from Vellore, Tamil Nadu.

## **HIGHLIGHTS - WORKSHOPS FOR TRANSPLANT COORDINATORS**

### **A. 6<sup>th</sup> Annual Transplant Coordinators' Workshop - Chennai, 2013**

On 31<sup>st</sup> August, 2013 and 1<sup>st</sup> September, 2013 the 6<sup>th</sup> Annual Transplant Coordinators' Workshop (ATCW) was held at Hotel Aadithya, Vadapalani, Chennai. The workshop was organised by MOHAN (Multi Organ Harvesting Aid Network) Foundation in association with National Association of Transplant Coordinators' (NATCO). The other supportive Government organizations were Cadaver Transplant Program, Tamil Nadu Network for Organ Sharing (TNOS) and Kerala Network of Organ Sharing (KNOS), Kerala. It was supported by the Sir Ratan Tata Trust and Navajbai Ratan Tata Trust.

The theme of this year's workshop was '**Let's Refine Ourselves**'. The theme was in concordance with the workshop's aim of providing a platform for transplant coordinators' across the Nation to come together, to share their successes and challenges faced in their experience.

The workshop had outlined three objectives:

- To bring out the National and International perspectives on deceased organ donation
- To enhance oneself professionally and personally
- To give an advocacy platform to the transplant coordinators through NATCO

**Releasing the Souvenir for the 6th Annual Transplant Coordinators Workshop  
(L to R) Mrs. Lalitha Raghuram, Dr. Ashok Kirpalani, Dr. Edward Cole, P. K.  
Abdul Rahiman and Dr. Sunil Shroff**

Around 93 delegates comprising of nurses, transplant coordinators, medical social workers, and paramedics attended the workshop. In addition 6 delegates came from Sri Lanka.

The highlight of the workshop was the session on “Deceased organ donation - South Asian Association for Regional Cooperation (SAARC) perspective” in which the eminent doctors from India, Sri Lanka and Bangladesh shared their deliberations. Another session that needs to be highlighted is that of Dr. Sridhar Reddy, Consultant, and University Hospital North Staffordshire, United Kingdom who connected through Skype and spoke to the audience about the process of coordination in donation after cardiac death.

There were lectures delivered by eminent faculty members on topics that ranged from Grief Counseling and Dealing with Compassion Fatigue; THO Act and Amendments – Ground Realities; Medico-legal cases; Spreading Awareness; Challenges in the coordination of live organ donations and transplantation; and Transplant Registry: Initiation and Maintenance.

The Swamy Narayan Best Transplant Coordinator Award for 2013 was given to Ms. Bhavana Shah of Jaslok Hospital, Mumbai and Mrs. A. Sarala of BGS Global Hospital, Bengaluru. Mr. Sagayam Francis, Senior Transplant Coordinator, MIOT Hospitals, Chennai was honored with a Special Recognition Award for his dedication to the cause of deceased organ donation

**Dr. Harun ur Rashid, Bangladesh, Dr. Rezvi Sheriff, Sri Lanka and Dr. Amalorpavanathan, India (from L - R) during a panel discussion on the SAARC perspective on Deceased Organ Donation**

## **B. MOHAN Foundation hosts an Advanced Transplant Coordinators' Workshop**

An Advanced Transplant Coordinators' Workshop was held on 17<sup>th</sup> and 18<sup>th</sup> January 2014 in Chennai. Senior transplant coordinators and others from the field of organ donation attended the workshop. It was organized by MOHAN Foundation with the support of the Sir Ratan Tata Trust and Navajbai Ratan Tata Trust.

The focus of the workshop was to address the needs and issues faced by the senior Transplant Coordinators and the MOHAN Foundation family of staff members.

Two international faculty members, Dr. Manjula Balasubramanian of Albert Einstein Medical Centre, Philadelphia and Dr. Christopher Barry University of Rochester Medical Center, New York contributed to the deliberations. Other seniors players who guided the discussions were Dr. J. Amalorpavanathan, Convener, Cadaver Transplant Program, Tamil Nadu, Dr. Noble Gracious, Nodal Officer, Kerala Network for Organ Sharing and Dr. Sunil Shroff of MOHAN Foundation.

There were 40 participants in the workshop. They came from Jaipur, Kerala, Mumbai, Delhi, Hyderabad, Puducherry and Chennai.

Three internet based services were launched:

1. E-modules of Transplant Coordinator Training
2. E-donor card for smart phones
3. Deceased Donor detail messaging service for smart phones

The workshop ended with an evaluation by Mrs. Lalitha Raghuram. All present pledged to work in tandem with renewed passion so that by the year 2020 India should have done 1200 deceased organ donations annually.

**Dr. Christopher Barry, University of Rochester Medical Center, New York addressing the gathering**

**Dr. Sunil Shroff and Mrs. Lalitha Raghuram felicitating Dr. Manjula Balasubramanian, Albert Einstein Medical Centre, Philadelphia, USA**

## HIGHLIGHTS - CONTINUING MEDICAL EDUCATION (CME) / SEMINARS / SENSITIZATION PROGRAMS

## Participation in International Conferences

### 1. ELPAT Congress (Ethical, Legal and Psychosocial Aspects of Transplantation) - Rotterdam, Holland – 20<sup>th</sup> - 23<sup>rd</sup> April 2013

ELPAT is a European platform that brings continuity and progress in European research and dialogue on "Ethical, Legal and Psychosocial Aspects of organ Transplantation". ELPAT is an official section of the European Society for Organ Transplantation (ESOT) on ethical, legal and psychosocial aspects of organ transplantation. The 3<sup>rd</sup> ELPAT conference took place from 20-23 April 2013 in Rotterdam, Holland. Dr. Sunil Shroff, Managing Trustee, MOHAN Foundation presented a paper on "Overcoming Challenges in implementing the Deceased Donor Program in India" during the conference.

### 2. 10<sup>th</sup> Nephrology, Urology and Transplant Society (NUTS) Conference of the SAARC – 30<sup>th</sup> August - 1<sup>st</sup> September 2013 - India

The 10<sup>th</sup> Nephrology, Urology and Transplant Society (NUTS) Conference of the SAARC was held between 30<sup>th</sup> August and 1<sup>st</sup> September 2013 in Chennai, India. Dr. Sunil Shroff serves as the President of NUTS of SAARC (2013 – 2015). The conference received participation from the following countries – India, Pakistan, Sri Lanka, Bangladesh and Nepal. Over 300 participants attended the conference. Some overseas and Indian delegates and faculty visited the adjoining hotel to see the proceedings of the annual transplant coordinators conference that was organized by MOHAN Foundation.

**3. 13<sup>th</sup> Congress of the Asian Society of Transplantation (CAST2013) – 2<sup>nd</sup>- 6<sup>th</sup> September 2013 - Japan**

Dr. Sunil Shroff, Managing Trustee, MOHAN Foundation was invited by Prof. Shiro Takahara, The President, CAST to provide a brief about the status of 'Deceased Donation and Transplantation program in India. The platform provided an opportunity to showcase the work in this field to other Asian countries representatives. Most of Asia seems to be struggling with the program except for South Korea and Thailand. China is taking up the program and in a few years is likely to be a leading country in Asia with deceased donation activity.

**4. 12<sup>th</sup> Congress of the International Society for Organ Donation and Procurement, November 21-24, 2013, Sydney, Australia**

Dr. Sunil Shroff was invited to give a guest lecture to Australian and New Zealand Urologists on the following topics -

- "Success and Challenges of Deceased Donation and Transplantation"
- "Progressing towards an Asian Transplant Registry - Indian Transplant Registries Can Show the Way Forward"

## WELL-WISHERS' SPEAK

*Jai Srimannarayana*

**Jeeyar Integrated Vedic Academy**

Date: 19.4.2013

Jai Srimannarayana!

We offer our mangalasanams on the occasion of Ugadi, Vijaya Nama Samvathsara and Sri Rama Navami.

God gives life once. He gives man a few instruments in the form of Organs to make the best use of life. But when they have been damaged or misused or abused, Man loses them. God gives such people a second chance through a few people chosen by him. Doctors repair organs, whereas, you've been chosen to replace the organs, thus extending the life of both the receiver and the donor.

In addition to what you've been already doing, you started a new program called the Swaminarayan Life Savers Program to train and educate the Youth in helping others.

The Grace of Lord Sri Rama is supporting this program. We hope that your program will go a long way in educating the masses to help the needy.

*Ching*

**Ms Marie-Thérèse Hampartzoumian**, 68, a French national was visiting her son, Sebastien who works in a company in Gurgaon. On March 14, 2014 she was admitted to Max Hospital, Saket and subsequently declared brain dead. Marie had always wanted to donate her organs back in France and had discussed the same with her husband many times. Her son Sebastien and her husband Henri consented to the donation. Both her kidneys and liver were donated.

It is indeed a big example that Marie-Therese and her family have set for our country. By agreeing to give her organs to save the lives of people from another country, her family has sent a strong message to the Indian people to think about this noble cause and save the lives of their fellow Indians.

***Below is a mail written by Mr. Henri Hampartzoumian to Ms. Pallavi Kumar, Executive Director, MOHAN Foundation Delhi-NCR***

Bonjour Pallavi

Je suis très touché par votre message et je vous remercie beaucoup de toutes ces intentions

Cela a été dommage que je ne puisse communiquer avec vous , mais vos visages et vos regards m'ont été très sensible

Vous et votre adjointe avez été formidables jusqu'au bout et j'ai été très sensible aux mots que Sébastien me traduisait

Heureusement que je suis bien entouré par la famille et surtout un très grand nombre d'amis que nous avons Marie- Thérèse et moi-même.

Lorsque des amis viennent à la maison , je leur montre les photos de notre séjours en Inde et bien sur la photo de vous deux avec le cadre offert par la fondation ( c'est formidable ) cela a été un moment exceptionnel...

Recevez toute ma gratitude ainsi qu'à votre adjointe.

Merci encore, peut-être nous reverrons-nous lorsque je reviendrai en Inde pour voir mes enfants

CORDIALEMENT

Henri HAMPARTZOUMIAN

***The translation is as follows-***

Hello Pallavi,

I was very moved reading your words and their inference. It was sad that I could not communicate with you but the expressions in your look and the sensitivity in your eyes always said it all.

You and your colleague were always excellent till the very end and I understood well each word Sébastian communicated/translated to me.

Fortunately I am surrounded by family and specially many friends of Marie-Therese & myself. When our friends come over to the house I show them the pictures of our travels to India and the exceptionally framed photo presented by the foundation with both of you. That was a special moment and will always be treasured.

You and your assistant have all my gratitude for everything.

Thanks and my appreciation & hopefully we will meet again when I come back to India to meet my children.

Kind Regards,

Henri Hampartzoumian

## **AWARDS & APPRECIATIONS**

### **ZEE Spoorthi award for Mrs. Lalitha Raghuram**

On 3<sup>rd</sup> May 2013, Mrs. Lalitha Raghuram received the Zee 24 Ghantalu "Spoorthi" Award for her outstanding contribution to "Health" of the community, through her work in the area of organ donation. Smt. Vimala Narasimhan, wife of His Excellency Sri. Narasimhan, The Governor of Andhra Pradesh gave away the awards. Every year, these awards are given away for outstanding contribution by women in different fields

### **MOHAN Foundation Awarded With “Rotary Professional Excellence Award” – 15<sup>th</sup> February 2014, Coimbatore**

Mrs. Lalitha Raghuram, Country Director of MOHAN Foundation was invited by Rotary Clubs of Coimbatore, Coimbatore Central and Coimbatore Ikon for a public education program on organ donation. The program was held on 15th February 2014, at Kikani School Auditorium, Coimbatore.

The first event was attended by around 1000 nurses from different nursing schools, and the second by about 600 police personnel. Among the speakers were Dr. J. Amalorpavanathan, Convenor of Tamilnadu Cadaver Transplant Program who spoke about cadaver transplant program in Tamilnadu and Mrs. Lalitha Raghuram who spoke about “Organ Donors – Real Heroes”. She shared the stories of six organ donors, whose donations were facilitated by MOHAN Foundation.

MOHAN Foundation was presented with the “Rotary Professional Excellence Award” by the Rotary Clubs for its work in the area of public education on organ donation. The award was presented by Dr. Ajaya Kumar, District Governor of Rotary Club, District 3201.
