ABOUT MOHAN FOUNDATION

Introduction

MOHAN is an acronym for Multi Organ Harvesting Aid Network and was established in 1997. It is a not-for-profit, non-governmental organization started to promote organ donation. It is registered as a Trust vide Register No. 285/98 dated 4th August 1997 in Tamil Nadu. It has Income Tax exemption under Section 80G and 35AC. We are approved recipients under the Foreign Contributions Regulatory Act, 1976.

History:

January 12, 1997- the day MOHAN Foundation started its journey in Chennai to give patients with organ failure a new lease of life. Organ donation and transplantation has made it possible for people with organ failure to look forward to a brighter tomorrow filled with hope and promise. It is the brainchild of a group of highly motivated, concerned and non-commercial group of practicing medical professionals and non-medical professionals to promote the cause of "Organ Donation". The Foundation works to increase the reach of the Transplantation of Human Organs Act, which was passed by the Government of India in 1994 to broaden the concept of organ donation and stop commercial dealings in organs, especially kidneys.

The Foundation has offices in Chennai (H.Q), Hyderabad, Delhi-NCR, Bengaluru, Jaipur and information centres at Chandigarh, Nagpur and USA. MOHAN Foundation has embarked upon yet another major milestone with the creation of MOHAN USA in 2011.

Vision:

- To ensure that no Indian dies for want of an organ

Mission:

- To ensure that every Indian that is suffering from end-stage organ failure be provided with the gift of a "New lease of Life", through a lifesaving organ transplant.

Objectives:

- To promote public education programmes so that a cross section of our population is aware about the need to donate one's organs
- To create a network of hospitals that can be a source of organ donations
- To liaise with the Government of India and State Government to pass favourable legislations that will augment organ donations
- To network with organ donation agencies so that no organ is ever wasted
- To train health care professionals in transplant coordination, so that they may efficiently and effectively counsel the families of "brain dead" victims to donate their loved ones' organs
- To raise resources to support organ donation related activities

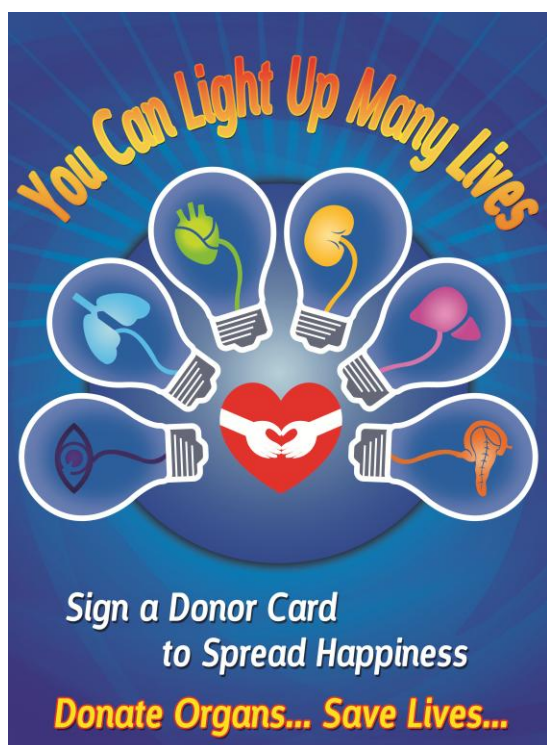

ACTIVITIES :

1. Public Education Campaigns
2. Publications
3. Transplant Coordinators' Training Programmes
4. Continuing Medical Education (CME) / Seminar / Sensitization Programmes
5. Transplant Registry

1. Public Education Programmes

MOHAN Foundation regularly organizes awareness events to a cross section of population. Over 1 million donor cards have been distributed in English, Tamil, Telugu, Marathi and Hindi. The Foundation also has literature on organ donation and prevention of different diseases.

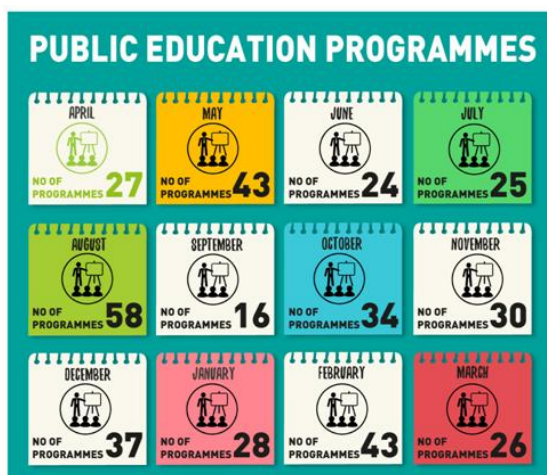

Public Education Programmes across the country

Educating the public about organ donation has been our constant endeavour for the last 19 years. This is done through awareness programs, information stalls, distributing public IEC (Information, Education and Communication) materials and organ donor cards, creating awareness through press and media and by regularly doing public functions with themes related to organ donation.

SAMARTHAN - A musical evening towards creating awareness

On 2nd May, 2015 a musical evening titled 'Samarthan' was organized in New Delhi.

The evening was graced with many distinguished personalities and supporters of the cause and made memorable by the beautiful music played by the Zoya Band. Zoya 'Born out of light' in Persian and 'Gift of God' in Arabic - is the confluence of hearts, souls, minds and talents of four fantastic musicians.

The event started with a presentation about the status of organ donation in our country and the importance of creating awareness about the same. All the donor families who in the darkest hour of their lives had found the strength to give a new lease of life to many people were thanked.

There was also a sign up session where people came forward and pledged their organs. Close to 300 people attended the event to demonstrate their support and passion for the cause.

An initiative to educate the police

The police play an integral role in deceased organ and tissue donation (medico-legal cases). An initiative to educate them on their role in facilitating multi-organ donation was initiated by MOHAN Foundation. 12 such programmes were conducted as a result of which about 450 police personnel were educated across the country.

Organ Donation Toll Free Helpline – 1800 103 7100

National Organ Donation Toll Free Help Line - 1800 103 7100 has been initiated by MOHAN Foundation and is functioning for the past five years. The objective of this helpline is to provide service which offers information, support, guidance and referral for all those concerned with any aspect of organ donation and transplantation.

We are providing this service to the public in seven languages – English, Hindi, Telugu, Tamil, Kannada, Malayalam and Marathi

2. Publications

a. *Indian Transplant Newsletter (ITN)* –

The Indian Transplant Newsletter is being published since 1998 and is currently in its 45th issue. It carries national and international transplant news and keeps track of the Indian deceased donor organ transplant programme. The executive committee has doctors from the transplant field from all over the country and abroad. About 1000 copies of the newsletter are dispatched every quarter to transplant clinicians and members of the public in India and abroad.

b. *Life...Pass it On Newsletter* - A recent publication of the foundation covering the heartrending stories of organ donor families.

3. Transplant Coordinators' Training Programme

Transplant coordinators play a pivotal role in the success of the deceased donation and transplantation programme. The Government of India in its recent amendment entitled "The Transplantation of Human Organs (Amendment) Act, 2011" has made transplant coordinators' nomination mandatory before a hospital is registered as a transplant hospital.

To address the training needs of this cadre of health care professionals, MOHAN Foundation started a structured "Transplant Coordinators' Training Programme" in the year 2009. Depending on the requirement of the candidates it runs courses of various durations from one week to one year.

This training programme has received part-funding from the Sir Ratan Tata Trust and Navajbai Ratan Tata Trust, Mumbai. A total of 1076 candidates have been trained between December 2009 and March 2016.

| List of Training Programmes Conducted | | | | |
|---------------------------------------|------------|-----------|-------------------------|-------------------|

Group activity on poster making

A one month Transplant Coordinators' Training programme was held in MOHAN Foundation, Chennai in May, 2015. There were 29 participants not only from various parts of the country (Chennai, Kolkata, Mangalore, Nagpur), but also from Botswana (Princess Marina Hospital, Gaborone). It was a mixed group of nurses, social workers, laboratory and dialysis technologists. In addition, a heart transplant recipient also underwent the training. Two of them were going on to do the six months' training.

The faculty comprised professionals from Medicine, Human Resource Management, Social Work, State Police Department, State Cadaver Transplant Programme, senior transplant coordinators and experts in the field of organ donation.

Dr. J. Radhakrishnan, IAS, Principal Secretary, Health & Family Welfare, Govt. of Tamil Nadu presenting certificate to Ms. Hvovi Minocherhomji, heart transplant recipient.

One Week Transplant Coordinators' Training Programme - Japiur - July 2015

A one week Transplant Coordinators' Training Programme was held at the J K Lon Hospital, Jaipur, Rajasthan from 6th to 10th July 2015. 72 participants from Rajasthan, Mumbai and Dehradun attended the training programme.

← Dignitaries at the valedictory function

One Week Transplant Coordinators' Training Programme – Delhi-NCR – July 2015

MOHAN Foundation in association with NOTTO (National Organ and Tissue Transplant Organization) conducted the first joint Transplant Coordinators' Training Programme at the NOTTO office in Safadarjung Hospital, New Delhi from July 20- 24, 2015. National Organ and Tissue Transplant Organization (NOTTO) is a National level organization set up under Directorate General of Health Services, Ministry of Health and Family Welfare, Government of India. The 5 day training attracted 29 participants from across 19 private and government hospitals.

Dr. Jagdish Prasad, Director General of Health Services, Ministry of Health and Family Welfare, Government of India addressing the participants

One Week Transplant Coordinators' Training Programme – Bengaluru – August - September 2015

Mrs. Lalitha Raghuram addressing the candidates on "Concepts of Organ Donation"

The 32nd Transplant Coordinators' Training Programme was successfully held from 31st August to 4th September 2015 at TERI auditorium, Bengaluru. MOHAN Foundation conducted this programme on the invitation of Manipal Hospitals. There were participants from the Manipal Hospitals group – Vijayawada, Visakhapatnam, Goa and Bengaluru. In addition, there were also participants from other hospitals in Dharwad, Mysuru, Jalandhar, Hyderabad, Bengaluru and Tamil Nadu. In total, there were 31 participants who attended the one week training programme.

One Week Transplant Coordinators' Training Programme – Hyderabad – December 2014

One week Foundation Course in Counseling and Transplant Coordination Training Programme was held from 14th to 18th December 2015 at Yashoda Hospitals, Secunderabad. There were 48 participants from various parts of India from Telangana, Maharashtra, Karnataka, Kerala and Gujarat. Transplant coordinators from various hospitals in Hyderabad discussed day-to-day challenges that they are facing in deceased organ donation and how are they tackling them.

Participants along with Faculty Team

One Week Transplant Coordinators' Training Programme - Pune - February 2016

A one week Transplant Coordinators' Training Programme was conducted by MOHAN Foundation and ZTCC (Zonal Transplant Coordination Centre), Pune with support from Ruby Hall Clinic from 8th – 12th February 2016. This programme was held in the R. S. Wadia Auditorium. There were 22 participants not only from Pune region, but also Rajasthan, Gujarat (Rajkot) and Manipal.

Inauguration of the training programme – (L to R) Mr. Bomi Bhote, Ms. Arati Gokhale, Mr. Sarang Awad, IPS, Dr. A.G. Huprikar, Dr. sumana Navin, Ms. Surekha Joshi

The training programme was inaugurated by Mr. Sarang Awad, IPS, ACP – Traffic, Pune. He said that he accorded a 'Green corridor' request from ZTCC, Pune the same status as that of a VVIP! He was of the opinion that while it was important to conduct organ donation awareness sessions for the traffic police, it was equally if not more important to educate the rural and highway police. There was a need to have a Standard Operating Procedure, he added. Mr. Bomi Bhote, CEO, Ruby Hall Clinic encouraged the participants to make the best use of the training as they were key figures in the organ donation process.

Dr. Sangeeta Wagh, Ophthalmologist, Ruby Hall Clinic felicitated by MOHAN Foundation's Trustee Mr. Ramesh Sharma [Director General of Police (Retd)]

One Week Transplant Coordinators' Training Programme – Delhi-NCR – March 2016

NOTTO (National Organ & Tissue Transplant Organization) in partnership with MOHAN Foundation conducted the second Transplant Coordinators' Training Program from March 1-5, 2016 at NOTTO office, Safdarjung Hospital, New Delhi. 35 participants of varied profiles like doctors, nurses, medical social workers, psychologists and quality managers from private and government, transplant and non transplant retrieval hospitals of Delhi-NCR attended the training.

Annual Transplant Coordinators' Workshop

The 8th Annual Transplant Coordinators' Workshop "Beginning of the New Dawn" was held in conjunction with the Indian Society of Organ Transplantation (ISOT) Conference on 3rd & 4th October 2015 at the Leela Palace, Chennai. The two days saw 120 enthusiastic delegates from all corners of India.

The NATCO conference was formally inaugurated by Dr. Jagdish Prasad, Director General of Health Services, Ministry of Health & Family Welfare, Government of India. He lauded the work done by transplant coordinators, and urged them to continue to do the good work of saving the life of patients that are suffering with end stage organ failure.

Swamy Narayan Memorial Lecture on "Improving the deceased donation rate in Philadelphia - Gift of Life Model" was delivered by Mr. Howard Nathan, President and CEO, Gift of Life Institute, Philadelphia. The conference had a presentation on the latest marvel in medical history, the presentation by Dr. Subramania Iyer on "Dual Hand Transplantation". The conference had an excellent balance of Indian and international speakers sharing their experience.

The conference has an excellent balance of Indian and international speakers sharing their experience. Dr. Hariharan Iyer, USA, Dr. Gurch Randhawa, UK, Dr. Lori West, Canada, Mr. Kirit Mistry, UK, and Ms. Isabel Quiroga, UK shared their experiences in deceased organ donation, in the areas of public engagement, ABO incompatible transplantation, and organ distribution.

The "Swamy Narayan Best Transplant Coordinator Award" went to Mr. Jacob Mathew from Lakeshore Hospital, Cochin, Maj. Joyot Chattopadhyay from Command Hospital, Chandimandir and Dr. Bhanuchandra, MOHAN Foundation, Hyderabad.

Thiru. K. Periaiah, IPS, DIG, Police Training College, Chennai presented the “Swamy Narayan Best Transplant Coordinator Award” during the valedictory function. The award was shared by three Transplant Coordinators - Mr. Jacob Mathew (Lakeshore Hospital, Cochin), Maj. Joyot Chattopadhyay (Command Hospital, Chandimandir) and Dr. Bhanuchandra (MOHAN Foundation, Hyderabad)

Advanced Transplant Coordinators' Workshop - 3rd Consultative Meeting - Exploring New Frontiers - Chennai - January 2016

The Advanced Transplant Coordinators' Workshop – 3rd Consultative meeting was held at the Radha Regent, Chennai on 29th & 30th January 2016. The meeting's focus was to explore strategies to improve organ and tissue donation in India through Donation after Circulatory Death (DCD) and tissue banking. Many stakeholders and experts from different parts of the country and abroad participated in the meeting.

DCD has helped increase the donation rate in many countries in the West, revolutionised lung donation and some are even contemplating a heart transplant after DCD. The international faculty – Dr. Sanjay Deshpande and Ms. Michelle Hunter from NHS Blood and Transplant, UK and Dr. Vijayanand Palaniswamy from Australia shared their experience in this field.

Tissue banking is still in its infancy in India with a few hospitals doing various types of tissue collections. Dr. Alvin Chua, Assistant Director, Transplant Tissue Centre, Singapore gave the audience a perspective on some of the key issues in establishing a state-of-the art tissue bank.

Dr. Sanjay Deshpande, NHS Blood and Transplant, UK speaks on "Donation after Circulatory Death"

Dr. Sunil Keswani, National Burn Centre, Mumbai addressing on "Challenges in establishing and running a skin bank"

Release of Indian Transplant Newsletter (From L to R - Mrs. Lalitha Raghuram, Country Director, MOHAN Foundation, Dr. Sunil Shroff, Managing Trustee, MOHAN Foundation, Dr. Alvin Chua, Assistant Director, Transplant Tissue Centre, Singapore, Dr. Sanjay Deshpande, NHS Blood and Transplant, UK & Dr. Sumana Navin, Course Director, MOHAN Foundation)

Dr. Noble Gracious, Nodal Officer, Kerala Network for Organ Sharing (KNOS) spoke about the success of deceased organ donation in Kerala

Dr. Alvin Chua, Assistant Director, Transplant Tissue Centre, Singapore addressing on "Key issues in establishing a state-of-the art tissue bank"

R. R. Sudhir, Head, Dept. of Preventive Ophthalmology Sankara Nethralaya felicitated by Dr. M. Ananda Babu, Chief Cornea Surgeon, Regional Institute of Ophthalmology and Government Ophthalmic Hospital, Chennai

Panel discussion on 'Unusual Case studies': Moderator - Dr. Sunil Shroff. Panellists (L to R) - Dr. Arulraj, Dept. of Anaesthesiology, Govt. Stanley Hospital, Chennai, Dr. P. Magesh, Dept. of Neurosurgery, Rajiv Gandhi Government General Hospital (RGGGH), Chennai Dr. R. Radhakrishnan, Dept. of Anaesthesiology, RGGGH, Chennai, Dr. Akila Rajakumar, Intensivist, Global Hospitals, Chennai, Dr. R. Kanimozhi Dept. of Anaesthesiology, Govt. Stanley Hospital, Chennai.

4. Continuing Medical Education (CME) / Seminar / Workshop / Sensitization Programs

All brain death identification takes place either in Accident & Emergency (A & E) or in the Intensive Care Units (ICU). In view of this, it is important to conduct CME programs for the key staff - ICU doctors, ICU Nurses, A & E Doctors, A & E Nurses and paramedical staff on issues related to brain death and its implications for the deceased organ donation program.

State Level CME for paramedical students at Vijaya Educational Academy - Chennai - March 2016

MOHAN Foundation conducted a state level CME on Organ Donation at Vijaya Educational Academy on 12th March 2016. Around 250 paramedical students from various colleges (Vijaya Educational Academy, Kamakshi Memorial Hospital & International Centre for Cardio Thoracic & Vascular Disease) participated in the CME.

Dr. Sunil Shroff speaking about the future of Deceased Organ Donation in India

‘Organ Donor Meet’ – A public education campaign by Kauvery Hospital – Tiruchirappalli - March 2016

Veteran Director cum actor Mr. Visu launching the Organ Donor Card

To mark ‘World Kidney Day’, Kauvery Hospital, Tiruchirappalli in association with MOHAN Foundation and Rotary Club of Tiruchirappalli Elite organized an awareness programme on 20th March 2016. The event had two elements - sensitization session for Kauvery Hospital’s staff & ‘Organ Donor Meet’ - a public education campaign. The sensitization session was attended by about 50 paramedical and non-medical staff of Kauvery Hospital. Followed that the organ donor card was launched by the cine fame director cum actor Mr. Visu was the chief guest.

5. Transplant Registry

MOHAN Foundation has been instrumental in setting up and maintaining web-based registry of brain dead organ donors & patients awaiting transplant in Tamil Nadu (Tamil Nadu Network for Organ Sharing - www.tnos.org) and Kerala (Kerala Network for Organ Sharing - www.knos.org.in and Rajasthan - (Rajasthan Network for Organ Sharing - www.rnos.org)

The purpose of Transplant Registry is to collect transplant related data from various centres in the state and to be able to collate the data derive the following information -

- Waiting list of recipients from various centres
- Deceased organ and tissue donation data of the state
- Deceased donor data
- Organ distribution
- The number of transplants done in the state
- Essential demographic data of Patients undergoing transplants

AWARDS AND RECOGNITIONS

Best Abstract Award for MOHAN Foundation at the 14th Congress of the Asian Society of Transplantation (CAST) 2015 in Singapore

The Congress of the Asian Society of Transplantation (CAST) is the region's largest and longest running gathering of transplant physicians, surgeons and other health professionals involved in transplantation. The 14th Congress was held in Singapore from August 23-26, 2015. Dr. Sumana Navin, Course Director, MOHAN Foundation presented a paper on 'Impact of Trained Transplant Coordinators on the Deceased Donation Transplantation Programme in India', which was conferred the Best Abstract Award at the congress.

The abstract carried an audit of the work of trained transplant coordinators working in different hospitals in India with regard to their success in counselling families of brain dead patients and facilitating the retrieval of organs and tissues.

Dr. Sumana Navin, Course Director, MOHAN Foundation with Dr. Harun Ur Rashid, President, Society of Organ Transplantation, Bangladesh

Mrs. Bhavna Jagwani, Convenor, MFJCF honoured with the “Rajmata Gayatri Award for Women’s Excellence”

Mrs. Bhavna Jagwani, Convenor, MFCF was honoured with the “**Rajmata Gayatri Award for Women’s Excellence**” for

exemplary contribution towards setting up the Eye bank Society of Rajasthan (EBSR). More than 4000 people have got vision as a result of the efforts laid by EBSR. The award was given by Maharani Padmavati Devi on the occasion of the birth anniversary of Late Brig. H.H. Maharaja Sawai Bhawani Singh at in the City Palace on 23rd of Oct, 2015.

In 2014, Mrs. Bhavna Jagwani started the cadaver organ donation and transplant programme in Rajasthan by initiating MOHAN Foundation – Jaipur Citizens’ Forum (MFJCF)

MOHAN Foundation Awarded Prestigious British Medical Journal South Asia Award 2015

MOHAN Foundation was awarded the prestigious **British Medical Journal South Asia Award 2015** in the Healthcare Advocacy category for its relentless efforts in using every tool, methodology, process and technology to promote organ donation in India and South Asia for the past two decades. MOHAN Foundation emerged a winner among 900 nominations and 36 finalists with 12 winners in different categories. The award was received by Mrs. Lalitha Raghuram, Country Director, MOHAN Foundation at the awards ceremony organised on October 30, 2015, at The Leela, Mumbai.

MOHAN Foundation gets recognised at eNGO Challenge, South Asia 2015

Dr Sunil Shroff (5th from left) along with other winners of the eNGO challenge

On October 9, 2015 MOHAN Foundation was invited as one of the finalists for eNGO Challenge, South Asia 2015 at Indian Habitat Centre, New Delhi in the category 'Best use of Website and Internet tools.' This category focuses on NGOs that are using their websites to showcase activities, projects and local content to get networking and support from funding agencies.

MOHAN Foundation got a Special mention by the Jury award in the category 'Best use of Website and Internet tools'. The award was received by Dr. Sunil Shroff, Managing Trustee, MOHAN Foundation. eNGO challenge is supported by Digital Empowerment Foundation and Public Interest Registry.

Dr Sunil Shroff awarded the Rashtriya Swayamsiddh Award by JSPL Foundation

On January 14, 2016 Dr Sunil Shroff was awarded the Rashtriya Swayamsiddh Award in the Individual category (Health) by the JSPL (Jindal Steel & Power limited) Foundation. The chief guest for the evening, Mr Rajiv Pratap Rudy (Union Minister of State Skill Development and Entrepreneurship) handed over the awards.

9 individuals and 10 organizations were awarded for their exemplary work. Dr Sunil Shroff was addressed as the 'father of deceased organ donation in India' and was one of the individual awardees.

Untold Stories of Courage

Winners-Individual Category

Dr. Sunil Shroff
Health, Tamil Nadu

Based in Chennai, Dr. Sunil Shroff, a renowned urologist and transplant surgeon started the deceased organ donation program in 1996. He founded MOHAN Foundation (a not-for-profit) in 1997 with the objective of increasing deceased organ donation rate using possible tool, technology, methodology and process to actively engage community, civil society, religious leaders, policy makers and the government at large to bring about the much needed change, thus, paving the way for deceased organ donation in India. He is called the "Father of Deceased Organ Donation in India" for actively promoting it as founder and managing trustee of the Foundation.

Dr. Sunil Shroff has worked actively with central and state governments to augment organ donation by creating a unique "Indian Model". Through his transplant coordinators' training programs, in South East Asia he has trained more than 930 transplant coordinators in India as well as in Bangladesh contributing to more than 70% of the deceased organ donations taking place in India and saving more than 3,500 lives.

Owing to Dr. Sunil Shroff's efforts, deceased organ donation rate doubled to 0.34 per million population in 2014 from 0.16 in 2012 in a country that had almost no donations taking place 17 years back.
