எனது கோலம் கண், காது, இதயம், சிறுநீரகம், கல்லீரல், நுரையீரல், தானம் செய்வதைக் குறிக்கிறது. இன்று நமது பாரத மாதா உடல் உறுப்புக்கள் தானம் செய்வதை குறிக்கிறது. கொரோனா காலக்கட்டத்தில் மாஸ்க் கட்டாயம் என்பதை குறிக்கிறது. எனது கோலத்தில் இருப்பது மட்டும் அல்லாமல் வேறு என்ன வெல்லாம் தானம் செய்யமுடியுமோ (Example) முடி, தோல், எலும்பு மற்றும் பல... நான் இறந்த பிறகு எனது உடல் உறுப்புகள் எவை எல்லாம் கொடுக்க முடியுமோ அனைத்தும் தானம் செய்வேன் எனது கர்ப்பப்பை முதற்கொண்டு.

I don't want to be buried with a single organ in my body. Give them to a child that has spent more time inside the hospital than outside playing. My eyes will give a grandma vision to see her grandchildren. My lungs will give a teenager the breath to dance the night away at prom. My heart will beat in another mother's chest to see her children grow up. If you have something you no longer need, give it away!

All of us are going to the same place.....

When we are traveling, Why don't we decide to help the needy to live a little longer?

For earth your organs are just wastage but for the needy your organs are gift of life.

உடலை மண்ணில் விதைக்காதீர்கள்

மனிதனில் விதையுங்கள், இறந்தும்

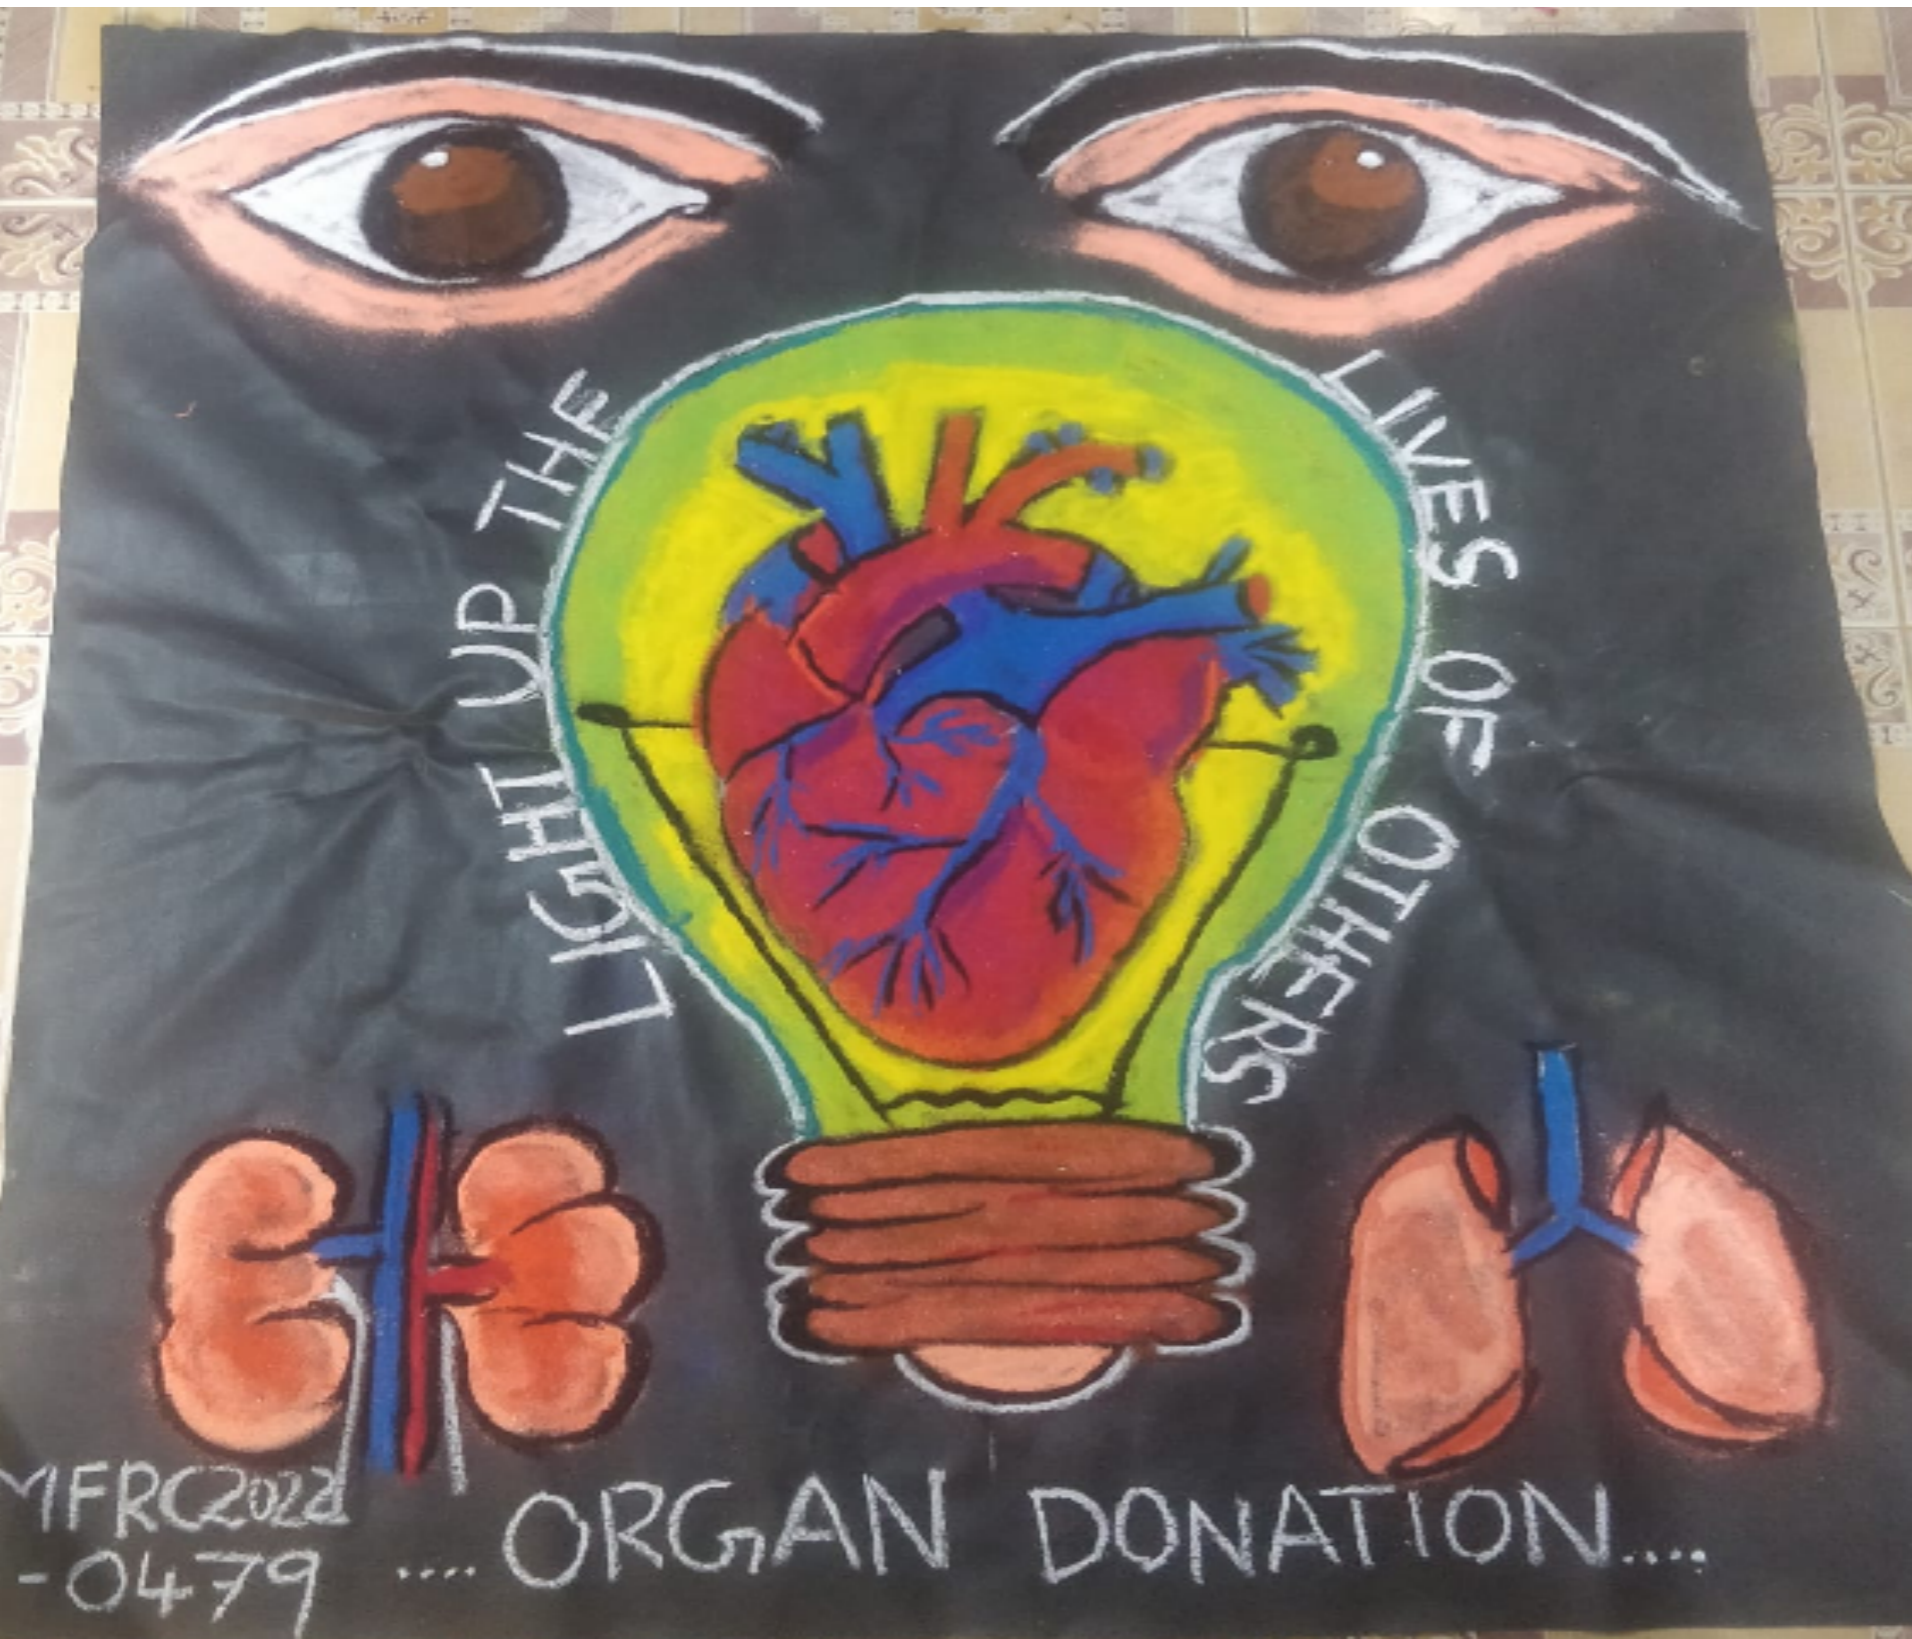

வாழ்வீர்கள்!

ORGAN DONATION GIFT ORGAN - GIFT LIFE

Chocolates & Flowers are great gifts for Valentine's Day. But what if the gifts we give could be truly life-changing?

A gift that could save someone's life?

A donor can give the needy a gift that exceeds the value of anything that you can buy. That's why February 14th is not only Valentine's Day, it's also NATIONAL DONOR DAY - a time when health organizations sponsor blood drives & sign up for organ & tissue donation. The flowers, organs, gifting idea in the Rangoli summarize the fact of National Donor Day about which people are not aware.

Through this Rangoli, we are trying to depict that: "without organ donor there is no story, no hope, no transplant. But when there is a donor, life springs from death, sorrow turns to hope & even the loss becomes a GIFT - A gift that could save someone's LIFE!!"

* ORGANS IN RANGOLI - KIDNEY, LUNGS, HEART, EYES, LIVER, PANCREAS, INTESTINE.

"Organ Donation"

'Organ Donation Rangoli', I presented it in the form of 'Tree'. Because, Trees are truly a source of guidance on living a life of humble service and how to be purposeful.

Like trees, We should care for and support each other by donating our organs. We can save many lives by donating organs. Our life is only meaningful, if we add value to others through 'Donating Organs'.

I used 'green' colour in rangoli, because green is the "colour of life" and it symbolises new beginning, rebirth and a ray of hope.

"Donate Organ and Let someone enjoy the beauty of life through you"

भगवान ही नहीं अभी जीवन दान दे सकते हैं क्योंकि आपके अंदर भी भगवान हैं। मृत्यु के बाद स्वर्ग में चाहिए यदि स्थान तो अवश्य करें अंगदान। सच्चे हीरे बने अंग दान करें किसी के चेहरे की सच्ची मुस्कान बने अंग दान महा श्रेष्ठ दान

Organ donation is something that is more important than people realize. It is important for society as a whole as well as for an individual. There are thousands of patients waiting every day for an organ transplant but they only keep waiting because of the lack of donors.
